AT&T CarePlus Procedure Form

AT&T CarePlus – A Supplemental Medical Program is an optional supplemental medical program designed to cover expenses for certain approved procedures not covered under the patient's medical program. The purpose of this form is to Pre-Certify Covered Procedures or for a retrospective approval of a designated Emergency Covered Procedure through AT&T CarePlus. To receive benefits from the Program, you must be actively enrolled in CarePlus and treatment must be pre-approved in writing by the CarePlus Coordinator, with the exception of a designated Emergency Covered Procedure. To receive 100% benefit coverage, you must use an Approved Facility for treatment.
